

PARTS TOWN

GENERATING \$30K+ IN ADDED SAVINGS PER MONTH THANKS TO ACCOUNTS PAYABLE AUTOMATION

50%

MORE EARLY PAYMENT
DISCOUNTS CAPTURED

60%

INCREASE IN
PRODUCTIVITY PER USER

30%

GROWTH WITHOUT HAVING
TO INCREASE HEADCOUNT

Some of these statistics are projections based on Parts Town's current results using Esker.

BACKGROUND

As a supplier of genuine OEM restaurant equipment parts, Parts Town has quickly become one of the fastest growing privately held companies in North America. But with that success came a lot of added pressure and challenges — particularly concerning the company's accounts payable (AP) processes.

Like a lot of organizations, Parts Town had been using primarily manual methods to conduct critical AP tasks like data entry and approval, along with relying on Outlook as an invoicing queue. However, with close to 30% growth in the last two years alone, Parts Town simply couldn't keep up. Eventually, Parts Town came to the realization that it needed a more cost-effective and sustainable alternative. The search for an AP automation solution provider had begun.

SOLUTION

Fortunately, Parts Town didn't have to endure an extensive vendor search or exhaustive exploratory process to find the replacement solution it was looking for. Esker was already playing a prominent role in the company's document process improvement efforts. Parts Town had previously used Esker with great success to automate processes within its order-to-cash (O2C) cycle, including order processing and accounts receivable (AR). Because of its well-established relationship, and the fact that Esker offered an end-to-end AP automation solution, Parts Town wasted little time in choosing Esker as its AP automation provider.

*"Before Esker's AP solution, we had no controls in place when routing invoices for approval — some routine billings were even processed without it. Now, all expenses are routed electronically with **full transparency and accountability.**"*

Andrew Phillips | Accounting Manager

BENEFITS

Shortly after deployment, Parts Town has already seen significant ROI and business benefits as a result of Esker's Accounts Payable automaton solution. Some of the more impressive results include:

30% in additional savings each month thanks to more early payment discounts captured

More time for staff to be proactive doing value-added activities (e.g., sorting through discrepancies, contacting manufacturers before due dates, etc.).

No additional headcount to handle invoice volumes

Increased visibility into important invoice information (e.g., what invoices still need to be processed/paid, which vendors have a discount date coming, etc.).

60% increase in productivity, going from 57 invoices per-day/per-user to 92 invoices per-day/per-user

*“Esker really allowed us to get a grip over our whole AP department. Whether it’s shipment discrepancies or early payment discounts, we now have **instant access** to everything that drives value in our process. The solution is incredibly **user-friendly**, and has a ton of **great features** even in its most basic form.”*
